HEPATITIS B

**Get
vaccinated!**

How can I get infected?

Hepatitis B virus enters your body through blood or other body fluids via the processes below:

- vaginal, anal or oral sex without a condom
- sharing toothbrush, hair shaver, nail cutter, ...
- unsterilized tattoo tools
- sharing of drug equipment

How can I protect myself?

Get a vaccination against Hepatitis A and B. If you are not yet vaccinated:

- use condom during sex
- don't share sex toys
- don't use the same toothbrush, shaver or nail cutter with other people
- make sure that the tattoo tools are sterilized or only disposable tools are used
- don't share drug equipment with others

Talk to your Doctor about a vaccination. Aids Hilfe Wien will counsel you in person, by telephone or email. Our counseling is anonymous (secret) and free.

We care for you - Our registration hours are as below:

- | | |
|--------------------------|---------------|
| - Mondays and Wednesdays | 15:45 - 19:00 |
| - Thursday | 08:45 - 12:00 |
