

**Importantly! Recommendations for providing the correct details for crediting SWIFT transfers.**

1. To receive a payment in PrivatBank, the sender must pay special attention to filling in the following fields when creating a SWIFT-payment:

- full name and address of the recipient (including postal code);
- full purpose of payment.

- If the sender is an individual, it is necessary to specify to whom the payment is sent. When transferring a relative, it is necessary to indicate the degree of kinship (private transfer to a brother, father, etc.).

- If the sender is a legal entity, it is necessary to specify what the payment is sent for (salary, royalties, etc.). In the absence of mandatory details, the transfer will not be credited to the details of the payment.

2. A transfer to an individual's account may be made for non-commercial transactions and shall not apply to transfers related to investment and business activities.

3. For prompt crediting of the transfer, we strongly recommend that you agree with the sender on the currency of the transfer -

it must match the currency of your card. If you do not have a card in the currency in which you want to receive the transfer, it is desirable that it be sent in US dollars (USD) or euros (EUR).

**Pay attention!** In order to credit the transfer for which the details were incorrectly indicated, a complaint correspondence may be made between the banks, for which a fee will be charged from the amount of the transfer. In this regard, please pay special attention to the correctness of the details provided to receive SWIFT-payments. Make sure you provide the recipient with personal information! PrivatBank recommends that you follow the following forms of providing details for receiving foreign currency transfers to your account:

**Table with details for cards opened in EUR:**

<b>BENEFICIARY:</b> Одержувач (П. І. Б. власника рахунку латиницею і адреса)	<b>DOBROSKOK OKSANA 62481,</b> Ukraine,region Kharkivska,district Kharkivskyi,settlement Rohan,lane Kulturi,building 9
